DETEROIL

NATURAL SOAP FOR OILED AND WAXED WOODEN FLOORS

Potassium soap from vegetal oils suitable for the frequent cleaning of parquet treated with impregnation system (oils, wax). It cleans the wooden surface and feeds it. It can be used also on furniture, stairs, etc. Available in white version (Deteroil bianco) for the cleaning of floors treated with white oils.

Technical data

Physical characteristics (20°C – 60% R.H.)			
Aspect	Transparent liquid	Specific gravity	1,00 gr/cm ³
Viscosity (FORD 4)	10"	pH	~ 9,5
Storage and labeling			
Storage in unopened original packaging at ambient temperature	24 months Protect from freeze	Risk symbols	NONE
Packaging	Bottle of 1L	Drums of 5 L	

Application

- ✓ Before washing the floor, remove dust and impurities with a vacuum cleaner or a mop.
- ✓ Dilution: for normal cleaning, pour 1 cap (~ 50 ml) into 5 liters of warm water.
- ✓ Wash the floor with a soft cloth; the cloth must be well wrung in order to leave on the surface only the proper quantity of water. If necessary on resistant dirt, apply directly pure Deteroil on the area, let it react for a while and carefully wipe with a clean sponge or a soft cotton cloth. Rinsing is not necessary.

Deteroil can be applied with Cinderella spray mop cleaning system, diluting 20 ml into the water reservoir; with 1 liter of Deteroil, 50 refills can be prepared.

Notes

- ✓ Wait at least for 20 days from the application of an oil or a wax before doing the first maintenance treatment.
- ✓ Reduce to the minimum the quantity of water used for washing oiled or waxed surfaces, employing only well wrung damp cloth.
- ✓ Shake before use.

Safety norms

FOR PROFESSIONAL USE ONLY. Strictly respect the information reported on the labels and consult safety data sheet before use.

In compliance with Eu.Reg.648/2004 and following amendments and adjustments. It contains non-ionic surfactants with biodegradability >90% (<5%), EDTA (<5%), contains soap (5-15%).

Disposal of waste

Dispose not used product and empty containers in accordance of local in force regulations.

The information reported in present technical data sheet are for guidance only and they do not hold our responsibility; the environmental conditions and the employ modalities are out of our control. We advice to check that the product fits for the work to be done.

REV.2 25-10-2011 Current Technical Data Sheet replaces the previous one.
